Karl W. Guenther, CEO
Sky Train Corporation
2599 Dolly Bay Drive, Suite 308
Palm Harbor, Florida 34684

Dear Mr. Guenther:

It is my pleasure to express my continued support of the Sky Train Corporation and your Smart Cities initiative.

I am committed to investing in our nation's transit infrastructure, which is long overdue. As you know, federal, state, and local governments are interested in developing alternative rail services to relieve congested roadways throughout the United States.

I am intrigued by Sky Train Corporation's promotion of a new form of overhead light rail system for the transportation of both passengers and freight, designed to offer the full transportation capacity and speeds of modern light rail and subway systems, but not absorbing space on the ground, nor requiring expensive tunnels underneath.

The future of the transportation industry is expanding, and I applaud your efforts to bring new ideas and possible solutions to our community, the State of Florida, and beyond. The outstanding work you continue to do may well revolutionize the transportation industry, thereby benefiting future generations.

If I may be of further assistance, please, do not hesitate to contact my office.

Sincerely,

Gus M. Bilirakis
Member of Congress
