Legislative Budget Commission

SENATOR MIKE FASANO

President Pro Tempore
11th District

February 5, 2010

The Honorable Charlie Crist
Office of Governor Charlie Crist
The Capitol
400 S. Monroe St.
Tallahassee, FL 32399

Dear Governor Crist,

Charlie,

I am writing to support the ideas and goals of Sky Train Corporation's advanced energy technology and efficient transportation solutions.

As we face new challenges in our economy, we also are presented with new opportunities. The new high-speed rail line connecting Tampa to Orlando will give Florida the opportunity to implement new ideas on transportation and create thousands of jobs for our fellow Floridians. Sky Train Corporation hopes to build on this new project and offer new methods of transportation to connect our fellow citizens all around the state.

With their Overhead Suspended Light Rail duo-rail system, Sky Train can transport passengers or freight through urban or rural areas to airports, seaports, and other locations of interest. The innovative construction method of the Sky Train system differs from ground level transit in that it can be constructed quickly and efficiently with minimal disruption to current infrastructure. The Sky Train hopes to connect to current systems already in place such as SunRail, Tri-Rail, high-speed rail or bus lines.

Thank you for your consideration of Sky Train's proposals and for your commitment in making Florida a leader in innovation. Please let me know if I can ever be of assistance to you.

Sincerely,

Mike Fasano
State Senator, District 11

MF/mbv
