Dear Frank:

On behalf of IIT president Lew Collens, I am forwarding you a copy of this letter from Karl Guenther, an IIT alum and CEO of Sky Train Corporation. Karl has an interesting vision for the future of Transit Oriented Development he would like to share with the CTA, involving the linkages among the Green and Red Lines on the south end of our campus. There may be other applications as well for this futuristic concept.

I would be pleased if you could have one of your staff arrange a meeting to discuss this idea. As I am working on the whole redevelopment of the south end of campus, I would be happy to join your colleagues for the meeting.

Cordially,

Cc: Lew Collens
Karl Guenther
