Karl Guenther, CEO
Sky Train Corporation,
2599 Dolly Bay Drive, Suite T308
Palm Harbor, FL 34684-1137

Dear Karl,

Thank you for visiting us to tell us about local and other events regarding public transportation including Sky Train's OSLR and your hope this could be the new icon to become part of the image of Pinellas County in tourist bureaus across the world.

Every body in my group felt that this is a valid objective. Tourists have problems in seeing our beautiful views, so the concept of floating overhead for visitors with no obstructions outside the windows really caught on. There was a lot of enthusiasm in subsequent discussions.

There is also the side benefit that they would be able to travel without fighting the congestion and pollution of the city streets. We would like to see further development of your proposal, and certainly offer our support in your endeavors to educate and inform our public.

Sincerely

Morton Sherman

Immediate Past Chairman

*Pinellas County Citizens Advisory Committee
to Pinellas County's MPO*
